

Mass Spectrometry Facility Fees

2022 charges	Assisted		Self-operated
	Internal rate	External academic	Internal rate
QTOF & Orbitrap - standard method-cost per sample			
Intact protein on LC-QTOF	\$42	\$55	\$15
Protein ID on LC-QTOF	\$63	\$82	\$35
Protein ID on LC-Orbitrap	\$100	\$150	N/A
Nucleotide/CoA profiling on LC-orbitrap	\$42	\$55	N/A
QTOF&Orbitrap- development- cost per hour			
Drug purity check on LC-QTOF	\$106	\$140	\$30
Specialised project (Quantitative proteomics, long-gradient run etc.)	106	\$140	\$35
Yearly membership	\$7,500	Contact the facility	N/A
Training- per hour- per person	\$96	\$129	N/A

Note:

1. Solvents, reagents, enzymes, and standards are not provided, except acetonitrile, water, methanol, formic acid, ammonium hydroxide etc for HPLC running. We may have some in-house reagent as backup, but extra fee may apply. Columns are only provided for standard methods.
2. Sample preparation is excluded in above services. We can offer training or help on sample preparation.
